

April 28, 2024

Dear Interim President J. Larry Jameson, Provost John L. Jackson, Jr., and Senior Executive Vice President Craig R. Carnaroli,

We, the undersigned, are reaching out to you as Penn faculty, staff, students, and alumni to urge you to allow the students from universities across Philadelphia to continue their peaceful protest at the Gaza Solidarity Encampment on Penn's campus. We call on you to guarantee no disciplinary actions will be taken against students involved in the encampment who are carrying out their First Amendment-protected right to hold a peaceful demonstration.

ALLOW THE PEACEFUL PROTEST ENCAMPMENT TO CONTINUE. NO SUSPENSION OF STUDENTS.

The [email Penn President Jameson sent out the morning of April 26, 2024](#) underlined his support of the peaceful protest encampment established by the students on College Green:

“Penn has and will continue to support the rights of our community members to protest peacefully and in keeping with University policy. At Penn, we will stand up for free speech and the productive exchange of ideas, even when we disagree.”

The threat to remove this protest encampment breaks with precedent. Only a few years ago, Penn undergrads created another encampment in the same area (some of them are seniors now) to raise awareness about fossil fuel usage and Penn’s investment in companies that exacerbated climate change. These students, always peaceful, were allowed to stay on the College Green for weeks. Penn respected their right to academic free speech. The [Open Expression Guidelines](#) clearly allow for demonstrations outside of designated indoor areas, and define demonstration as “the presence of one or more persons in a University location with the intent to express a particular point of view in a manner that attracts attention, as in protest, rallies, sit-ins, vigils, or similar forms of expression.” Like Fossil Free Penn, the Gaza Solidarity Encampment is a principled, disciplined, and peaceful demonstration.

We commend your stated commitment to “uphold free speech and the productive exchange of ideas” on this campus. The community at the Gaza Solidarity Encampment has created precisely this. Students have demonstrated enormous leadership in the Greater Penn and Philadelphia community. Students have conducted trainings in de-escalation practices, held Shabbat and seder on site and supported Muslim community prayer. They have organized teach-ins, including by eminent scholars of Holocaust and genocide studies, in addition to reading groups, prayers, art builds, and a community library.

Elected PA and NY officials have visited the encampment to offer their full support and encouragement. Faculty have been present for the duration of the encampment and can attest that students are peacefully protesting and not harassing or intimidating others.

The students are mindful of the importance of keeping the encampment educational, peaceful, and clean. They have posted safety guidelines for the space and exhibited admirable care for each other, the community, and the environment. They are courageously standing up for the at least 34,000 Palestinians who have been killed, and for countless others who continue to suffer grave injustices at the hands of the Israeli government. Our students' compassion and activism inspire courage and give us all hope for a more just and peaceful world.

Let Penn lead campuses across the nation in abiding by its stated commitment to open expression. Let Penn allow its students to speak their truth and be leaders in their community.

WE IMPLORE YOU NOT TO ESCALATE THE SITUATION BY FORCIBLY CLEARING OUT THE ENCAMPMENT, OR THREATENING DISCIPLINARY ACTION AGAINST ANY OF THE STUDENTS INVOLVED. WE URGE YOU TO ALLOW THE STUDENTS TO CONTINUE THEIR PEACEFUL PROTEST.
